Re: Postal Public Submission in relation to Bowdens Silver Project (SSD 5765)

Support (I am making a submission that supports the conditional approval of this proposed development)

Neutral (I am neutral about this proposed development and am providing comments for consideration)

Objection (I am making a submission that objects to this proposed development going ahead)

Submission:

Silver is an important 'critical' mineral for solar panel use. Use Aust. silver and not use imported Chinese silver products. It would give many jobs for country folk & regional business that we need. Coal has been a dominant resource in the region, and many can use their work experience in the mine infrastructure.
