To Whom It May Concern:

I would like to show my support for the Bowden Silver Project. The Project will bring much needed employment to Mudgee, Lue and the surrounding communities. As the employment in these areas has been scarce resulting in families leaving the area to take up employment elsewhere.

The increase in revenue to the Mudgee Region and local businesses will have a large effect especially, due to the down turn which has occurred through the Pandemic. With the increase in employment and families hopefully moving back to this region, tourism should increase which will lead to much needed growth in population.

Regards
