Re: Postal Public Submission in relation to Bowdens Silver Project (SSD 5765)

- Support** (I am making a submission that supports the conditional approval of this proposed development)
- Neutral** (I am neutral about this proposed development and am providing comments for consideration)
- Objection** (I am making a submission that objects to this proposed development going ahead)

Submission:

I am Making this submission in support of this project for 3 Main Reasons.

1. Worldwide silver supply is not keeping up with demand and without new projects like this the world will not be able to keep up with Demand.
2. The world wide demand for Silver is increasing at an alarming rate as the world is now embracing renewable energy from Solar panels and Electric cars. This will have an enormous effect on the demand for Silver and without new projects like this they will not be able to keep up with that demand.
3. This project will also be a very possitive thing for Mudgee and the surrounding area as it will provide jobs in the mine itself but also jobs in supporting industries.

Yours Faithfully
