Subject: Support for Bowdens Silver Project

To Whom it May Concern,

I am writing in support of the Bowdens Silver Project, 100% owned by Silver Mines Limited. Being one of the largest silver deposits in the world, it will be a massive boon for the Mudgee and surrounding areas. There will be long term economic and social benefits for the region as well as silver being a critical resource in the fight towards a greener future.
Thank you for your time.

Regards,

Martin Carver
