Submission

I object to the mine going ahead at Lee.

Why does the Government ^{see fit} to grant Bowdens the right to write off prime agricultural land for mining. One of the reasons Bowdens want to mine at Lee, because of its proximity to port. If this mine is successful for them, they will be looking for more deposits nearby. There will be an outcry when there is no food on the table - no water suitable for human & stock consumption & for irrigation. Land suitable for pastoral, agriculture & viticulture is limited.

Jobs at existing mines cannot be filled, so why think Bowdens will staff their operations early if the mine goes ahead.

There is health to be considered. We don't need to contaminate this area with lead dust & acid drainage.

Why despoil a whole vibrant Council area that has an outstanding tourist industry, agriculture & wine area & enough money to support a great town.
