Re: Postal Public Submission in relation to Bowdens Silver Project (SSD 5765)

- Support** (I am making a submission that supports the conditional approval of this proposed development)
- Neutral** (I am neutral about this proposed development and am providing comments for consideration)
- Objection** (I am making a submission that objects to this proposed development going ahead)

Submission:

I support this approval of the proposed development on the basis:

- i) The project delivers on its 'environmentally responsible' aims
- ii) The project achieves a 'balance' between maximising resource recovery and minimising impacts and the benefits outweigh the "costs".
- iii) That all stakeholders and shareholders benefit in an environmentally responsible way.
- iv) If the local communities genuinely benefit and our regional areas continue to grow then the project achieves valuable gains for all.
