Submission:

The Bowden's silver project will bring employment growth to the Mudgee region. This money will find its way into the regional economy and give small business a boost in times of high inflation. Also Bowden's is committed to reducing its environmental footprint & farming & cultivation will continue by the mining site with the aim to reduce the environmental impact as much as possible. The Taxes from mining royalties will flow back to communities down the line improving roads, infrastructure, and essential services.  
I strongly support this project's development.
