Support (I am making a submission that supports the conditional approval of this proposed development)

Neutral (I am neutral about this proposed development and am providing comments for consideration)

Objection (I am making a submission that objects to this proposed development going ahead)

Submission:

I support this proposed development which I believe will contribute significant benefits to the local communities and local region in terms of long term employment, business opportunities and the general development of the community.

This project will also contribute to Australia being recognised as a major silver supplier and will generate further income to the state and federal government.
