Hi

We're seeking to express our support of the Bowden's Silver Project.

This project will be great for Australia and NSW for numerous reasons:

- provide employment opportunities for the local community
- Positions Australia as a much needed supplier of Silver - a key commodity to support the world's future (solar technology, electronics, medicine)
- provide tax revenue for NSW and Federal Govt
- Not rely on other countries for key commodities - supports Australia's independence
- Positions NSW positively as a place to do business

Regards

Shane and Noni Buckland
