

Hello,

I would like to forward you the latest campaign/advertisement from the STRA campaigners (see below) and my article in response to it.

<https://www.echo.net.au/2023/03/stra-campaigners-gaslighting-locals/>

And this article just came out recently which again provides a lot of facts and evidence that STRA regulation needs to be adjusted to the individual communities.

<https://theconversation.com/australia-has-taken-a-light-touch-with-airbnb-could-stronger-regulations-ease-the-housing-crisis>

Kind regards, Dr Sabine Muschter

Join the fight to protect your right to stay in a holiday home in Byron Bay

We're thrilled to see you and your loved ones enjoying the beautiful town of Byron during your holidays!

We truly appreciate your support and want to continue providing you with the opportunity to stay in self-contained holiday homes with your pets, family and friends for years to come.

However, we're concerned about the recent attempts from Byron Shire Council to limit your holiday experience. That's why we're taking action to prevent a 90 day cap on holiday homes from diminishing your enjoyment of Byron's beauty and hospitality.

We'd like to invite you to share your thoughts on the potential impact for your ability to stay in a Byron holiday home and also the impact that this would have on pricing during peak periods. Your feedback will help us ensure that your next holiday in this breathtaking town remains

affordable and accessible.

You can submit your comments by clicking here before 5pm on Wednesday 8 March 2023.
