Dear Glenn,

**Mayfield Cargo Storage Facility Modification 2 - DA-8137 Mod 2
Request for Information**

I refer to the modification application for the Mayfield Cargo Storage Facility (DA-8137 Mod 2) (**Modification 2**), currently before the Independent Planning Commission (**Commission**) for determination.

The Commission is seeking information from the Department of Planning, Housing and Infrastructure (**Department**) on the following matters:

1. Noting that remediation of the site was required by under DA 293-08-00 and Voluntary Remediation Agreement 26025 (the latter of which has now been executed), does the remediation of the former Koppers Operational Area require a separate approval under the *Environmental Planning & Assessment Act 1979* including a new site remediation and verification process?

The Commission requests that the Department provide a response by **5pm on Thursday 25 January 2024**.

Should you require any clarification in relation to the above, or wish to discuss further, please contact Oliver Cope, via oliver.cope@ipcn.nsw.gov.au or (02) 9383 2103.

Yours sincerely,

Stephen Barry
Planning Director
