*I am a young person in the community, planning on staying in the area for a long time. I'll be able to see the wind turbines from my house and I think it's lovely with no issue with the plan. I'm looking forward to the rejuvenation of our village, the only thing I am against is the Uralla and Tamworth shire council distributing our community funds. I would be happy with Neoen's original proposal for distributing community funds without council interference. It's funds for our impacted community, not for council spending.*
