Hello, I am writing thi submission to Object to the Wallaroo Solar Form. There has been a complete lack of consultation with the community (including tenants who rent property in the area / home owners who were not aware). I have sold and done home loans for a number of clients in Dunlop who had no idea about the solar farm until my call to them.

The solar farm is also too close to the the city. The <1km proposed is a lot less than the current precedence of 6km+ generally adopted for these developments.
