*We would like to express our concern and objection for the above development application. We are a nearby resident at [REDACTED].*

*Our property aesthetics and view will be significantly impacted by this development. Our property has been designed to capture the views which is directly inline with the location of this development. This will significantly devalue our land and home and is very disheartening to think that we will be potentially looking at black panels instead of green hills which was the intention when we purchased the land to build our forever home.*

*Reasons for objection:*

*Social impact that this proposal will cause is significant*

*Wallaroo is known for its prime farming land*

*Visual Impact*

*decrease in property prices*

*Noise*

*Glare*

*Traffic*

*We do not support this development.*
