At the commencement of this matter, Dr Coakes disclosed to the Commission Chair that other members of a consultancy for which she works is carrying out work for a Renewable Energy Zone transmission project roughly 15 kilometres from the site of the present application. As the present application is not within a Renewable Energy Zone and Dr Coakes has no commercial or other relationship with the applicant for the present application, the Commission Chair has determined that there is no actual, potential or perceived conflict of interest that precludes Dr Coakes from serving on the Panel.

Updates after project commencement:

This register is made upon the nomination of Commissioners, to the advice, determination or hearing panel. It may be updated if actual, potential, or perceived conflicts arise during the advice, determination or hearing process.
