Attachment:	

Submission date: 11/09/2024 10:12

I would like to register my objection to the above proposed development/project.

â€¢ *Such developments are not in keeping with our rural area and will be of no benefit to our region.*

â€¢ *I believe the technology is flawed and will obsolete in a short period of time.*

â€¢ *In the event of a fire the batteries on site will be unable to be extinguished and will emit toxic gases.*

â€¢ *The area is frequently cut off by flood waters.*

â€¢ *If there were to be a fire and the area was affected by a flood there would be no suitable location/accommodation for the local residents be evacuated to?*

â€¢ *The local properties rely of bore water. This is at risk of contamination.*

â€¢ *The Goonoo Goonoo Creek is at risk of contamination and therefore the Peel River is also at risk of contamination.*

The business that will own the project will be profiting from the project.

â€¢ *The profits will be going overseas.*

â€¢ *It will have an impact on property values.*

â€¢ *There will be constant noise.*

â€¢ *They will over heat in our summer temperatures.*
