*It's very disappointing that is moving forward. The community has strongly objected and simply been ignored by profit hungry people in positions of power. Not only has the community been ignored but the reports of unsafe outputs from the factory and potential impacts on health, increased traffic impacts and much more has fallen on deaf ears.*

*The Southern Highlands will suffer in countless ways if this is built. Tourists will stop coming as what is now a pristine country with animals, fresh air and a thriving community will become dangerous and unpleasant to live in or visit. It is an absolute disgrace that this is even being entertained so close to residents and animals. It is wrong to completely disregard all objections and evidence*
