*My family and I object to the Plasrefine site being located so close to homes, schools and farming land. The negative impact on the neighbours, businesses and residents of the town of Moss Vale as well as the environmental impact to the land make this a terrible location for a business like this. The traffic in Moss Vale is already at breaking point, add the 24 hour trucks going in and out of the site would be disastrous. They would be passing by schools and driving through the main thoroughfare of town.*
