Organisation: N/A	Key issues: <i>Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic</i>
Location: Redacted	
Attachment: N/A	

Submission date: 10/15/2024 5:57:54 PM

As a member of the community, I am concerned about the growing neglect for my said community, regarding its beauty, it's quiet and its natural importance. Plants such as this continue to be planned, along with mindless urban sprawl to accommodate some bizarre need for "progress" under the guise of creating jobs. I encourage those who initiate these ideas to think beyond available space, and to actually plan locations for such developments in a way that doesn't turn natural treasures into industrial waste dumps. As it stands, Moss Vale has numerous industrial vehicles, flowing through its small streets, which not only prove an addition to traffic congestion, but also pose a danger to motorists and pedestrians alike. As a community member, a local educator, a father and neighbor, I strongly oppose the development of this recycling plant at Moss Vale.
