*I've written 3-4 objections to this proposal.*

*This isn't the right site for this sort of plant.*

*Reasons being the amount of traffic will increase significantly effectively creating a very unsafe environment for the number of school children walking to and from the local schools.*

*The roads are already in a terrible condition already and they will only get worse as the traffic levels increase.*

*Not to mention that the surrounding farms and properties will all be affected by the possible pollution.*
