Location: <i>New South Wales 2577</i>	
Attachment: N/A	

Submission date: 10/24/2024 12:05:40 PM

I strongly oppose this development due to the dangers posed to my children due to toxic microplastic pollution in the air and in our water. It is incomprehensible that such a dangerous development is being proposed in a residential area that will damage the health of the community and the environment and likely create irreversible health problems for an entire population well into the future.

I urge you to reconsider the location of this development to an area not surrounded by families, schools, indigenous sites and fragile ecosystems.
