*As a resident of Moss Vale, this is a disgrace & disaster for the entire Southern Highlands & surrounding districts. On so many levels to name a few;*

*Contamination of Wingecarribee River & Warragamba Dam affecting Sydney drinking water, total fire hazard, pollution of toxic chemicals hazardous to health, traffic congestion, riparian rights which is not legal. too close to housing & subdivision's.*

*This cannot go ahead as it will destroy our pristine environment, is a 24hr facility & excess noise levels.*

*The state government & health department should be ashamed*
