Location: 2575 New South Wales	
Attachment: N/A	

Submission date: 10/25/2024 1:21:40 PM

The winds and waterways will spread the toxic microplastics, PFAS and chemicals all over the towns of the highlands and beyond - we will all be impacted. Our kids won't be able to play outside, our land will be impacted by cancer causing chemicals - which will impact the tourism, agriculture, and wine industries, and tank the property prices. An absolute disaster environmentally, health wise and economically for our beautiful shire.
