Hi Tom,

Further to my previous correspondence, please be advised that in the alternative to Condition 1(a) as proposed in our letter of 13 December 2024, the Proponent considers the following alternative wording to also be appropriate:

1. *Prior to exhibition, the proposal is required to be updated to: a) ~~requires the removal of any requirement for the payment of an affordable housing contribution. **exclude the affordable housing contribution additional local provision.**~~*

Please let me know if you have any questions in relation to the above.

Thanks,

Andrew

Hi Andrew,

Thank you for sending through a copy of the request for a Gateway review.

We have undertaken a preliminary review of the request. To allow us complete our check of whether the request is eligible for review, could you please provide some additional information addressing the matters identified in the LEP Making Guideline (August 2023).

In particular, the additional information should clearly:

- Explain how the request meets the criteria for a Gateway review (as set out in the LEP Making Guideline).
- Justify why an alteration to the Gateway determination is warranted, including, where relevant, responses to issues raised by the original Gateway decision maker.
- Outline the proposed alteration to the Gateway determination that is being sought.

Kind regards,
Tom

Hi Claire,

Thanks for your time on the phone this afternoon in relation to the Planning Proposal at 50 Botany Road, Bondi Junction.

As discussed, please see the email chain below in relation to the submission of a Gateway Review request via the Planning Portal. As I outlined on the phone, there were problems with the Portal not allowing upload of the Gateway Review request. I subsequently sought assistance from the Planning Portal Customer Service team and emailed through the Gateway Review request on 29 November 2024. The Customer Service team then uploaded the request to the Portal.

Should you have any questions in relation to the above, please do not hesitate to contact me.

Thanks,

Andrew
