

I Robin Elliot am opposed to the possible
contamination of Public water with the Battery
located at the Lake Dumme so close to the Murray
River.

This has been a ridiculous proposition ⁱⁿ the purchase
of this showpiece block of Land.

My previous submission, you have, this being
my second

Also just a concern, if the ^{Aboriginal} ~~Aboriginal~~ community
were exposed ~~to~~ to this destruction and
displacement of land would you consider it.
My dear friends ashes are on this property.
