

Catherine Field      NSW 2557

January 28<sup>th</sup> 2026,

Dear Sir/ Madam,

I am writing to oppose Minarah College in Catherine Field.

- The on site sewer management system is inappropriate for the population with no guarantee or commitment when connection will be available if ever from Sydney Water
- The restriction of play time on the sports field could extend for long periods, especially when excessive rain and cool weather
- The roads cannot support the predicted traffic flows
- The addition of vast hard surfaces will leave the flood waters with no natural water course and affect properties even worse than already affected during wet periods
- The hire of the hall will only be extremely minimal as they have stated Minarah College students will have priority
- Catherine Field already has a pre-school, tennis & basketball courts as well as a perfectly good baseball field that anyone can use at no charge
- The development will not benefit the community

Please do not show my contact information.

Regards
