

Catherine Field NSW 2557

January 28th 2026,

Dear Sir/ Madam,

I do not approve the proposed development in Catherine Field. The roads are already being continuously maintained by council due to the high volumes of traffic including vehicles. There is no kerb & guttering or footpaths for safe travel to the site. The public buses are irregular. With the influx of hundreds of private vehicles, I don't see this benefitting the community or the road infrastructure in its current state.

Please do not share my contact information
