

  
Catherine Field NSW 2557

January 28<sup>th</sup> 2026,

Dear Independent Planning Commission

Objection to SSD 30759158.

I am writing to oppose the above proposal.

The site is unsewered and flood affected. The road condition is poor. The traffic predictions is too much for the local roads. The hours of operation do not respect the neighbourhood's right to quiet enjoyment. There is no precinct planning and this proposal is premature before any infrastructure is planned.

Please keep my personal information confidential.

Thank you-
