

Dear Penrith CC

am writing to express my concerns not only at the fiscal and administrative manner Panthers Executives sold "non core assets", [13 Park Road Wallacia](#) to Cabe Investments No. 21 Pty Ltd, owned by Lou Zivanovic for \$2 700 000, settlement 2nd March 2015. Despite the property valuation on 23rd August 2013.

See attached.

I gathered Penrith CC held a meeting on Monday, 28th August from 7:30pm.

Is Council aware that my  discovered an unnamed, undescribed, endemic ground orchid on Wallacia Golf Course?

I am certain that Council should be actively regulating Holy Roman Catholic Cemeteries & Crematoria, having bought Wallacia Golf Course for \$13 000 000 with an independent, respected Environmental Impact Study (EIS).

It concerns me greatly that administrative due processes were not clearly, openly done in a manner for the best interest of Wallacia village development for future generations.
