DA17/1092 (Development Application) : Staged Construction of Wallacia Memorial Park including Cemetery for 88,000 Burial Plots, ..... Associated Landscaping & Site Servicing Works

**Wallacia Golf Course 13 - 15 Park Road WALLACIA NSW 2745**

**Property Number: 783420**

**Status: C**

Title(s):

[Lot 2 DP 1108408](#)

Land Area: 42.74 HECTARES

I am seriously against this proposal to develop a cemetery in the centre of Wallacia. With the new airport is about to bring new opportunities to the area, Wallacia is located in a central position connecting Silverdale to Camden, Greendale to Bringelly to Liverpool, Park road to new M12 to Liverpool, Parramatta; Malgoa rd to Penrith and so on.

It is very strategically placed to be a vibrant town or city in the close vicinity to the new airport. We have been waiting for this to come and very disheartened to hear about this DA proposing a cemetery hindering all the enthusiasm and the potential the new air port is going to bring to this area.

I must admit when the rates were increased substantially for the purpose of developing the area I was supportive. However I am a bit puzzled to hear that this application is been submitted to be considered by the council. I hope that the council will select a different site away from this listed major central location of Wallacia and give back the enthusiasm and development opportunity the new airport will bring to Wallacia and its people.

I express grave dissatisfaction about this development application and urge you to a consider what will be denied from the land owners around the proposed cemetery and find a suitable location but not in the heart of Wallacia.

Sincerely Yours
