Subject: Dartbrook Coal Mine- Modification 7 (DA 231-7-2000 MOD7)
Date: Friday, 22 March 2019 9:34:35 PM

Dear Sir/Madam

I would like to voice my protest and to object against this project.

The region's horse keeping and horse breeding suitability is legendary and appreciated all over the world.

I presume horse keeping and horse breeding is of great importance to the ongoing and long term health of the local economy, not to mention the attractiveness for tourism.

There is no doubt this mine will affect negatively the regions excellent reputation and thereby the willingness of horse owners to keep their mares in the region and support local farms and stallions.

Accordingly I would urge you to refuse this application to open the above mine.

Regards,
Jim Paltridge

Managing Director
