Firstly, Thankyou for the opportunity to voice my objection to the reinstatement of Dartbrook Mine.

The upper Hunter Valley has enough mines in the area. We do not need the impact of another. This is prime agricultural land including primary producers & thoroughbred studs.

Two years ago I started a small business "Guest House" in this beautiful part of the world. Its been a struggle with 2 years of drought & now ^{with} the possibility of another mine I may have to consider closing the doors. The health of our families both mentally & physically will be impacted should it go ahead.
