Mr Charlie Allan
General Manager
Ulan Coal Mines Limited
PMB 3006
MUDGEES NSW 2850

Dear Mr Allan

Landowner's consent for Ulan Mine Modification 4

I refer to Ulan Coal Mine's application for landowner's consent for lodgement of a Development Application (DA) for Modification 4.

The request has been considered by the Minister for the Environment, who has granted consent to lodge the DA, in accordance with the Environmental Planning and Assessment Regulations 2000. While landowner's consent is required to submit the DA, it does not imply in any way approval of the proposed development.

I understand this application relates to construction of dewatering bores with associated power and water lines and access trails in Durrigere State Conservation Area. As this land is reserved under the *National Parks and Wildlife Act 1974*, an access licence from the National Parks and Wildlife Service (NPWS) will be required before works may commence.

I am advised that Ulan Coal Mine has responded to issues raised by the Office of Environment and Heritage in its formal review of submissions and through detailed draft development consent conditions. I am also advised that NPWS Mudgee has provided advice to you on the requirement for an access licence for the proposed works.

Further information is available from Ms Lisa Menke, Manager Mudgee Area, NPWS on 6370 9000 or at lisa.menke@environment.nsw.gov.au.

Yours sincerely

A handwritten signature in black ink, appearing to read 'D. Crust', with a stylized flourish at the end.
