

14 March 2024

Buttai Gravel Pty Ltd v Independent Planning Commission (Class 1 Application) Land and Environment Court Proceedings Number 2023/252084

Martins Creek Quarry Project (SSD 6612)

Notice of change of arrangements for the Conciliation conference 21 March 2024

The Court has listed this appeal for a conciliation conference on 21 March 2024.

The conciliation conference will commence at 10.15am, but not at the site as previously advised.

The conciliation venue is unchanged: it will take place in the Glendarra 2 Conference Room at Tocal College 815 Tocal Road Paterson.

Please note that there are capacity limits for the room. Taking into account the number of required attendees, the room will accommodate about 60 members of the public. Other than the members of the public who are speaking, entry will be on a first arrival basis, so it may be the case that if the capacity is reached, you may not be able to enter the room, due to safety reasons.
