Series of photos include:-

- *Original, Food Producing, Neighbouring Paddock
- *The Only Ecological Habitat Left for Squirrel Gliders & Superb Parrots - Horizontal Hollow Log - After Clear Felling Dozens of Century Old Habitat Trees on Site & Denuding the Landscape.
- *Weed Ridden, Increased Fire Risk - Grass touching the Panels - with same Log in situ.
- *Close Proximity to our Healthy Food Production & Retained Stubble - Totally Inadequate Fire/Contamination Exclusion Zone - Demonstrates the need to be Indemnified as we are unable to get adequate Public Liability Insurance.
- *Part of our Visual Amenity Nightmare Bomen Solar View - 500,000 panels to the South - including Metka EGN/Mytilineos' Wagga Solar.
- *Nearby Metka EGN/Mytilineos Wagga Solar Curse Midst Canola
- *Series of Industrialised Solar's Environmental Destruction 6/6/22 - Water Run-Off & Erosion Damage caused by Typically Irresponsible Approvals & Industrialised Solar Construction Processes - causing Unmitigated Harm & Loss to Distressed Neighbour Victim (crops killed, cattle yards & property inaccessible for 6 months) & also Damage to Solar Host's Property.

Middlebrook Solar Objectioncontinued...

To date the NSW DPIE/DPE is using LIES & DECEPTION to APPROVE DAMAGING, CONTAMINATING SOLAR/WIND/BESS/TRANSMISSION LINE INFRASTRUCTURE ECOCIDE THAT WILL SERIOUSLY HARM THE PEOPLE OF NSW & FUTURE GENERATIONS, SUBSTANTIALLY REDUCE FOOD PRODUCTION, REDUCE PRODUCTIVITY, CONSTRAIN & COLLAPSE INDUSTRY THROUGH PATHETIC POWER WEAKNESS - A DEINDUSTRIALISATION, DEPOPULATION, BLACKOUT AGENDA

**YOU KNOW, THE VERY POWERFUL & THE VERY STUPID HAVE ONE THING IN COMMON.
THEY DON'T ALTER THEIR VIEWS TO FIT THE FACTS.
THEY ALTER THE FACTS TO FIT THEIR VIEWS.
(Dr Who 1977.)**

***Without healthy food & uncontaminated water
we will die.**

Any one who eats - & that's all of us - needs to care about this!

Without reliable, efficient & affordable power people will also die of hyperthermia.

"We have a human right to **clean drinking water and an environment free of toxic load**," Dr Stops said. "Dr Orellana reminded us that Australia has ratified the Stockholm Convention on Persistent Organic Pollutants (POPs) in 2004.
