Submission date: 11/24/2024 7:24:40 PM

*The company does not understand the implications of the development and have had no experience or understanding of this type of business or the unsuitability of the site. Why the planning has got this far is beyond my understanding. This is a residential area and does not have the road to support this type of development and the advise to the residents are to stay in doors if they are not able to hack the pollution. Too many options to list really.*
