*I am writing to object to the plastic factory being built in Moss Vale. I have lived here most of life and have seen a lot of changes over those 40+ years. I am all for change but not when will have so many negative effects. This factory is not suited for Moss Vale and needs to be rejected. It is too close to homes, is going to have negative effects on the environment and water, nature is going to be impacted especially our very important bees!*
