*This development is entirely unsuitable for this location and the surroundings.*

*It will have not only have an adverse visual impact to the community but also a huge direct environmental impact.*

*The increase in traffic and detrimental effects of both the construction and operation of this facility are entirely unsuitable for this location and will damage the very essence of the area.*

*It will significantly adversely impacting not just the community but local flora and fauna which is integral to this area.*

*Most definitely NOT THIS SITE*
